

# Eating Out With Family

A social story for Kairav — Going to restaurants and waiting patiently for food

1

My family and I go to the restaurant. Henny and Bruno are here too.

2

Food takes longer at the restaurant than at home. That is okay.

3

I can use my Avaz and have a quiet snack while I wait.

4

I can show the picture of my favorite food on the menu.

5

My food comes and I eat it. Then we go home happy.
