

# Many Relatives Day

A social story for Kairav — handling large family gatherings with many relatives visiting

1

Today many family people come to my house. Aunties and uncles and cousins are here.

2

The talking gets loud. The sounds feel too many. That is okay to feel.

3

Gigi shows me the quiet room. I can go there when I need a break.

4

I use my Avaz to say hello and goodbye. My words help me talk to family.

5

Papa gives me my favorite food on a small plate. When I feel tired, I can tell Papa we go home.
