

My Big Train Adventure

A social story for Kairav — Taking a long train journey in India with family

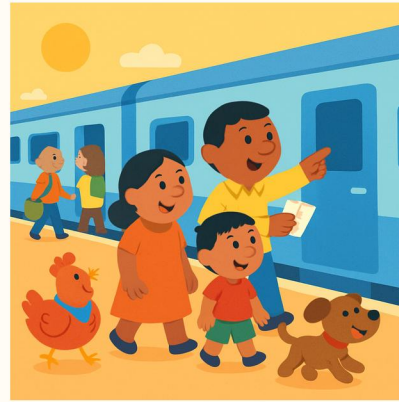

1

Today I am going on a long train trip. Bruno is coming with me.

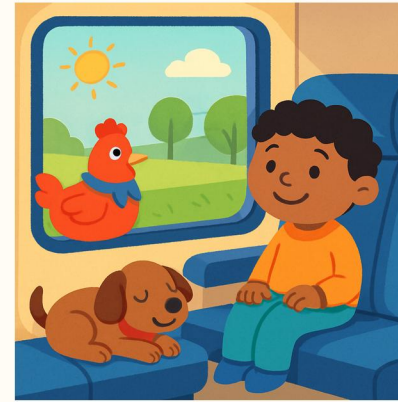

2

The station has many people and loud sounds. I can cover my ears when it feels too much.

3

We find our train car. Papa shows me our seat number.

4

I sit by the window. The train goes click-clack on the tracks.

5

The pantry uncle brings us food. I can eat slowly and enjoy it.
