

# Switching What I'm Doing

A social story for Kairav — learning to switch from one activity to another with help

1

I am playing with my blocks. I am making a tall tower. This is fun.

2

Soon it will be dinner time. Mama shows me first blocks, then dinner. I can look at the card.

3

The timer shows 2 minutes more. I can finish my tower. Then it will be ready to switch.

4

The timer is done. I can put away two blocks at a time. Quacky and Henny help me.

5

All done switching! The blocks are away and dinner is ready. I feel good about changing activities.
