

When I Feel Hot

A social story for Kairav — recognizing when I'm overheated and asking for help to cool down

1

My face feels red. My skin is wet with sweat.

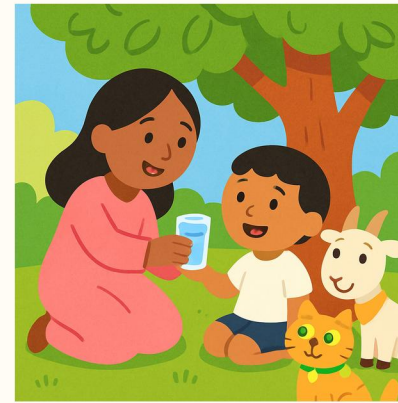

2

That means my body is hot. I can feel it.

3

I can tap 'hot' on my Avaz. I can show someone.

4

Mummy brings water and shade. I wear thin clothes now.

5

I sit in the AC room for ten minutes. My body feels cool and good now.
