

# Baby Comes to Visit

A social story for Kairav — preparing for a relative's visit with a new baby and understanding gentle behavior around infants

1

Chacha and Chachi are coming to visit today. They have baby Aarav with them.

2

Baby Aarav is very tiny and sleeps a lot. I can look with my eyes.

3

Henny uses her soft voice near baby Aarav. I can be soft too.

4

My toys stay on my shelf today. I can play with them later.

5

We take a family photo together. Then Chacha and Chachi say bye bye.
