

Cousins Meet Avaz

A social story for Kairav — Using AAC to connect with cousins who don't know how to include me

1

My cousins are playing tag in the garden. I watch them run and laugh.

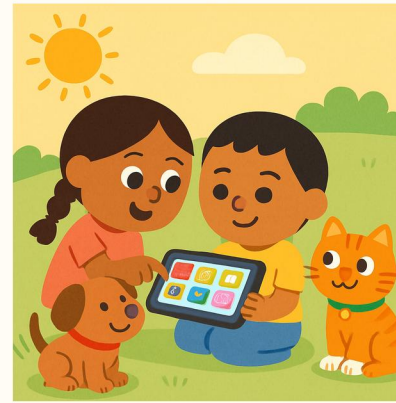

2

I want to play too. But they don't know about my Avaz.

3

Mama shows my cousins how Avaz works. They want to learn about my talking tablet.

4

My cousin taps 'play tag' on my Avaz. I can show them my turn!

5

Now I run and play with my cousins. We are all friends because of Avaz!
