

I Ask Mama First

A social story for Kairav — asking permission before accepting food from strangers at the park

1

I am playing at the park with Gigi. A nice uncle comes over. He has a toffee for me.

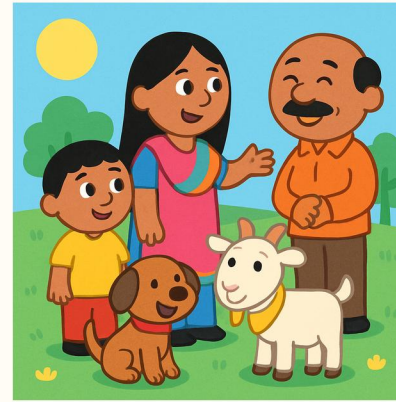

2

I do not know this uncle. I feel unsure about the sweet. That is okay.

3

I can ask Mama first. I tap 'ask Mama' on my Avaz. I point to where Mama sits.

4

Mama says 'no thank you, he has allergies'. The uncle nods and says 'that is okay'.

5

I keep playing with my friends. I feel safe. Only family and teachers give me food.
