

Kairav's First Auto Ride

A social story for Kairav — Taking an auto-rickshaw for the first time without worry

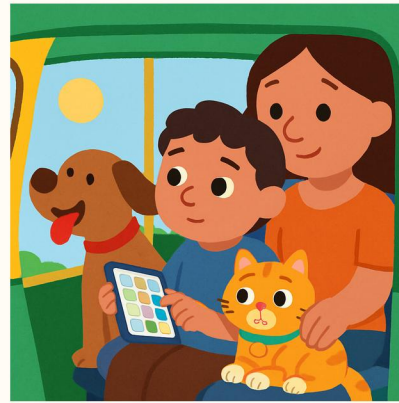

1

Today I take an auto to the doctor. Milo and Bruno come with me.

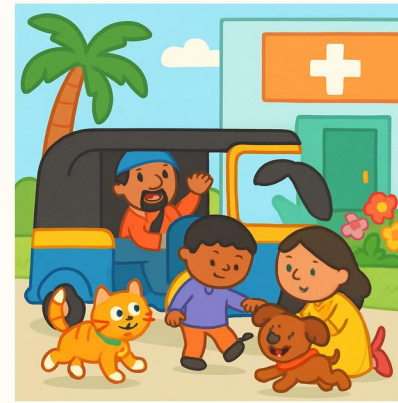

2

The auto is open on the sides. A little windy. Mama holds my hand.

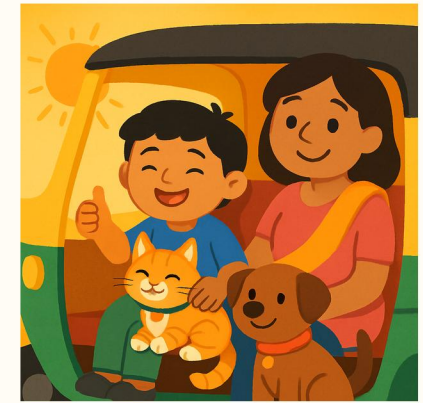

3

The engine goes put-put-put. A little bumpy. I can tap 'stop' if I need to.

4

The auto reaches the doctor. I did it! Bruno and Milo are proud.

5

Going home in the auto feels good. I am brave and safe.
