

Sangeet Night Plan

A social story for Kairav — Managing loud music and crowds at a family wedding celebration

1

Tonight is cousin didi's sangeet. There will be music and dance.

2

The music will be loud. The lights will be bright. That might feel overwhelming.

3

I can wear my ear defenders. They help make the loud sounds quiet.

4

I can wave at cousin didi. I can watch the dance for a short visit.

5

When I need quiet, I can go to my hotel room. I was part of the celebration.
