

The Loud Speaker Day

A social story for Kairav — coping when neighbors play loud religious music on speakers

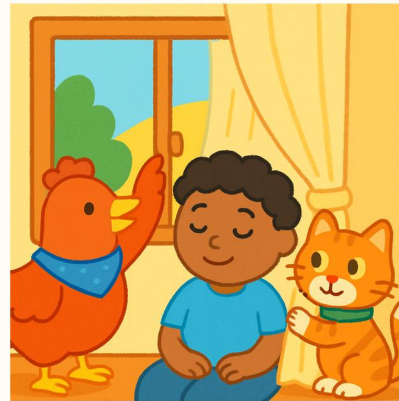

1

Today the neighbors have a pooja celebration. I can see the decorations from my window.

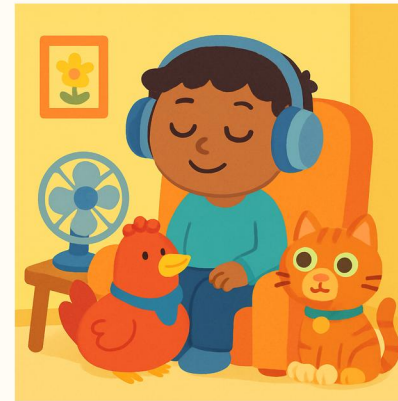

2

The speaker is very loud. It makes me feel overwhelmed. That is okay.

3

Henny closes the window. Milo pulls the curtains. Now it is quieter inside.

4

I can wear my headphones. The fan makes nice sounds. I feel safe inside.

5

Mama says the pooja will be done by evening. I can play with my blocks. Soon it will be quiet.
