

Two Voices on Avaz

A social story for Kairav — Learning that Avaz can speak in both English and Hindi languages

1

My Avaz has two voices now. I can hear English words and Hindi words.

2

At school I use my English voice. Bruno hears 'water' when I tap the blue button.

3

At home with Nani I switch to Hindi voice. Same blue button makes different sound.

4

Bruno taps the water button. Avaz says 'paani' in Hindi voice. Nani brings him water.

5

My Avaz speaks both languages. Now I can talk to everyone. I feel happy and proud.
